The N.Y. Archaeological & Numismatic Society N.Y.

Gentlemen:

As February 22nd 1931 will be the jubilee of the ceremonies of the erection of the obelisk in Central Park, 1881, I wonder if whether there would be any recognition of the occasion.

Being one of the hundred boys of the Public Schools who received the obelisk medal, I wonder if a list of the boys could be obtained & if a reunion of the survivors could be arranged. Personally I recall only Dr Otto H. Schultze of N.Y. and Vincent Serrano, the actor with both of whom I was at N.Y. City College.

If you could advise me as to procuring a list of these boys I should gratefully appreciate your doing so.

Yours very truly

A. C. Wieland.

Dear Sir:

Your letter of March 14th is at hand. I sympathize with your effort but I regret very much that I cannot see any way whereby I can help you. I doubt that writing to the Metropolitan Museum of Art (Henry W. Kent, Secretary), New York City, would secure this information.for you although it is just possible. Perhaps Dr. George W. Kunz of Tiffany and Company, 401 Fifth Avenue, New York City, might be able to aid you in your search. He is very active in a number of similar organizations. A further suggestion would be to write to A.J.Wall, secretary of the New York Historical Society,170 Central Park West, New York City.

If any of these suggestions prove helpful I shall be very glad.

Very truly yours,

Secretary.
